

# iTek Graphics

7075 - B Aviation Blvd NW  
 Concord, NC 28027  
 35.386386,-80.716982

When making this Customer Facility Study Google had no satellite imagery of the building and the ground pictures showed a building under construction. The ground imagery was not good enough to use. I drew a building and driveways over the satellite imagery to aid in understanding where you need to go. Expect some minor inaccuracies.

NC Inner Loop (West Bound) I-485 Exit 28			
L	Mallard Creek Rd	}	2.4
ST	Derita Rd		
R	Aviation Blvd NW	0.2	On the Left

NC North Bound I-85 Exit 49			
L	Concord Mills Blvd	1.2	Light
R	Derita Rd	1	
R	Aviation Blvd NW	0.2	On the Left

This customer is close to Charlotte, NC and I-85 and the I-485 loop. Directions for both are shown above. The white arrow in the map above shows the location of the white arrow on the ground image on the next page. The box on the map above shows the area that is covered by the satellite image on the next page.

The white arrow at the bottom of this picture shows the location of the white arrow on the map on the previous page. This is what you should see before you turn onto Aviation Blvd NW.

When you go down Aviation Blvd NW don't take the first entrance into the iTek building go to the second one.

This is the image I drew the iTek building and driveways onto. Expect some minor inaccuracies.

Once in the truck parking area the customer's personnel entrance is in the man door next to the ramp. Today it's only marked with a number "3", but that may change when you go.
