(From STC) Intersection of Clipper Rd and US-15			
R	S	US-15	8.3
L	E	SC-261	} 23.8
ST	E	SC-261	
	S	US-521	
ST	S	US-521	
L	S	US-521	27.4
R	S	US-521 BYP	1.2
L	S	US-521 BYP	} 10
ST	ST	US-521	
R	S	US-17 ALT	0.6
L		Pennyroyal Rd	5
L		3V Driveway	1

This may seem like a long set of directions, but once you've driven it once or twice you will have it down pat.

To simplify this just get on South US-521 and follow it until you get to ALT US-17. Then pick up the directions from there. Just remember to take the US-521 bypass around Andrews SC because they don't want trucks going thru their town.

Normally you pick up here at 3V and deliver to Geocycle in Holly Hill. To see which is quicker I ran 2 routs thru Google Maps. Google Maps shows it takes the same amount of time to run the back roads as it does to go back to Manning and take I-95 South. When I do this run I go back to Manning and take I-95 South.

Blow up map. 4 way stop not shown because you don't turn there.
The white numbered arrows on this map correlate to the white numbered arrows in the pictures.
