North Charleston SC I-26 Heading East			
			Exit
	E I-26		212B
R			Exit
	W I-526	1.3	16
R		Boeing Del Sign	
	International Blvd	1.2	RHS

When you exit off I-26 onto I-526, the on ramp turns into an exit ramp for I-526 Exit 16.

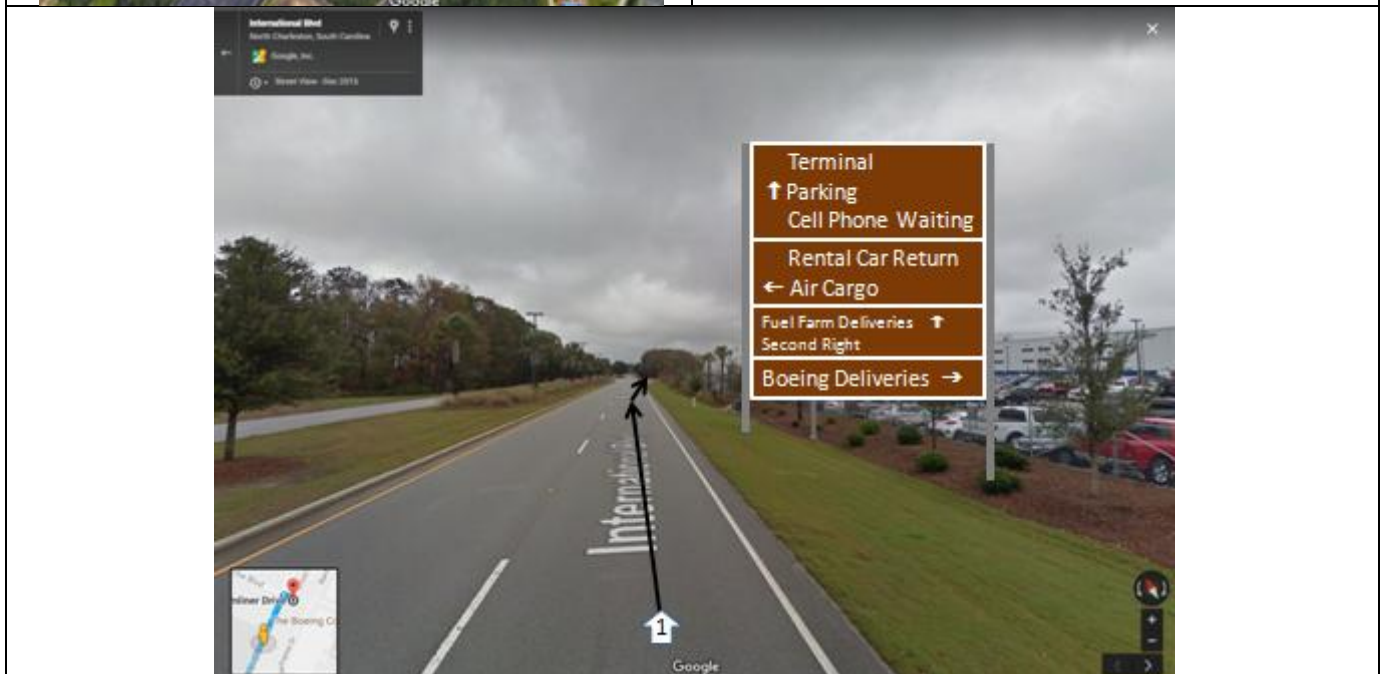

The white arrow with a number shows the location of the arrow with the same number in other maps and pictures displaying the arrow.

When you get off exit 16 turn right and go about 1.2 miles. The picture below shows the sign you will see just before you get to your turn lane. Once you make the turn, park under the overhang and prepare the truck for inspection. This is also where you will get your pass.

After getting my badge they took me to the box. They told me they have 3 boxes at different parts of the facility, but they never told me where they were located. This is a tight place and the material is light so I suggest using the short frame.

They have their own boxes. As shown below they seem to be 40 yard blue boxes with lids that seem to be chained down from the inside to the outside. The parts inside are supposed to be too big to come out from the opening between the lid and the box.

When leaving this facility you will go out a different gate. See the picture to the right.
