On the map above there is a white arrow with a number and a box around the customer location. The location of the white arrow on the map is to indicate the location of the white arrow on the picture below. The box around the customer represents the next map that shows more details about this area.

The map to the left shows detailed information for the area where the customer is located. The numbered white arrows show the location of the numbered white arrows in the next two pictures. The boxed area on this map shows the area covered by the overhead picture on the next page. You will need to scale in and out and report to the Traffic office.

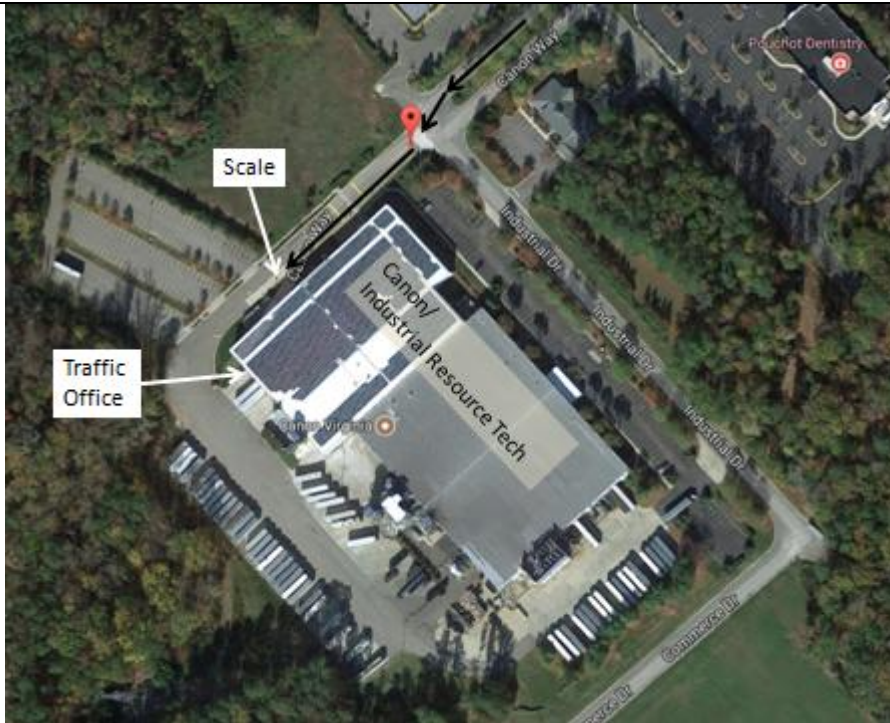

Top picture shows the church and the light where you need to turn.
 Bottom picture is just past the church showing the traffic light better.
 The white arrow with the number 3 on it is in the same location on the map and both pictures
